Coulsdon
Surrey CR5 2HB

23rd October 1999

Dear Graham,

I wanted to write to add my thanks for the wonderful work on the Church Floodlighting here. The people who we had on site day by day were wonderful - not only in the way that the work was done, but also in their kindness, courtesy and understanding with other church users (including myself!) during the work

David Chillman has I know mentioned to you that All Saints' Day (November 1st) seems an excellent day on which to switch the lights on and as we have the Bishop of Southwark with us that evening, it seems appropriate that he should perform the deed. I would like to extend my own invitation to you and/or representatives of CES to join us for the service at 8.00pm and for refreshments afterwards.

With grateful thanks and best wishes,

Yours sincerely,

Chris Skilton
