Subject: Lighting at St. Lukes

Hello Graham,

I've been a bit preoccupied getting my new business off the ground, so, as you would have noticed, had asked Frank to look after most of the fabric matters at St. Lukes for me. I was in the church on Sunday morning and was struck again by what a difference the lighting has made to the feeling of the place. I want to thank you for the design work you did and for the help you gave us to pick the more controversial fittings, like the chandelier – it looks meant for the space and fits in beautifully.

I hope that all is going well for you and your business.

Best regards,

John
