

Thank You

Graham,

for all your care for St
Patrick's church in the time I
have been church warden.

I was always able to count on
the work done by CFS being of the
very highest standard. I also
appreciated the way your men
worked with us. Please do thank the

two Steves, Grant and Ollie for all that
they have done for us.
We are still exploring the lighting
possibilities and enjoying the different
effects.

I hope that your relationship with the
church will continue now that we
have a new warden. Christine Lewis
was the church secretary a few years
ago, so is used to what goes on in the
church, and you may hear from her,
when needed.

Thank you,
Daphne.
