Dear Graham,

Re: St.Nicolas Church, Cranleigh, External Floodlighting

Many thanks for your invoice No. 3173. I have passed this to our Treasurer for payment.

I enclose a copy of the Ground Plan as requested and would be grateful for its return in due course.

On behalf of the Rector, my colleague Margie Nursey, the Parochial Church Council and, I dare say, the whole community, may I say how grateful we all are for the excellence of your work. Our thanks, of course, are also extended to Steve and his colleague who carried out their work with goodwill, courtesy and competence. It was good to have you all around.

The results are outstanding. The beauty of our ancient Church has been brought to life at night in a way which few of us could have anticipated. The subtle colours of the stone, the lighting contrasts and the quiet majesty of the building are now there for all to enjoy. This is indeed a fitting celebration of the millennium.

I have written separately to Bill Crawforth to whom our thanks are also due.

Now that the work is complete, I would be grateful for your signature on the enclosed Certificate of Completion of Works so that I can execute the Faculty.

Over

With best wishes

Yours sincerely

A handwritten signature in cursive script that reads "John".
