**Invoice No. 3710**

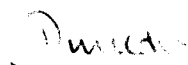

Dear Graham,

I enclose our cheque for £ 786.07 in full payment of the above invoice, with sincere thanks and great satisfaction at the works done.

We are particularly grateful for the extra works done free of charge. When my church council met yesterday they were extremely appreciative of the kindness both of yourself and of Dan who did the works, and of Ryan, whom I have not yet met but who is also offering his help and have asked me formally to convey their thanks and appreciation for such kindness. It is also a great practical help to a church, such as ours, which tries hard but has enormous overheads with which we struggle constantly.

We are thoroughly satisfied with all the works that CES have done for us and, especially, for the human qualities of all those from your firm whom we have met.

With warmest good wishes,

Duncan
