**Subject:** Re: Lighting.

Dear Graham

The lighting is a great success far above my expectations

As to your bill; please invoice us with the amount outstanding

With the necessary removal of the acoustic boards decoration of the hall is now urgent.

I will see to it that the light fittings are protected.

I understand that the electrical testing will be done on Tuesday

If you have the information, I would be grateful to know where to purchase new acoustic boards

I was greatly impressed with Ryan and Craig's work and, incidentally with their association with Cheam Baptist Church.

I was a member of Purley Baptist in the 50s through to the 70s!

Thank you for a good job

Ian
