November 2005

Dear Graham,

### **ST. KATHARINE'S CHURCH, KNOCKHOLT**

I would like, on behalf of the parishioners, to thank you and your team for the very efficient, co-operative and most professional way the work was undertaken. Also to express our thanks for the very sympathetic result that has been produced – the main comment being that the Church now has a very warm feeling when one enters.

I would be more than happy to demonstrate the lighting system to any prospective client.

Yours sincerely,

Pamela M. Holmes (Churchwarden)
